

CALCULUS I--P. Staley Spring 2013

- **Instructor: Patrick Staley**
 - Office: 390D
 - Office hours: 12:30-1:40PM Mon-Wed-Fri
 - Website: www.staley-classes.org
 - Email: patrick@mr-ideahamster.com
 - Telephone: 619-421-6700, ext 5521
- **Textbook: Calculus with Analytic Geometry 9th Edition, by Larson, Hostetler, and Edwards.**
 - Textbook on Amazon
 - Textbook Author's Website
- **Prerequisite: PreCalculus and Trigonometry (Math 244 or Math 101 and 104)**
- **Class Meetings 7:15AM-8:40AM Mon Wed Fri room 221**
- **Graphing Calculator Required**
 - Recommended calculators for this class are TI-83+, TI-84+, TI-85, or TI-86. Calculators with symbolic algebra capabilities, e.g. TI-89 or TI-92, are not allowed for exams. Some of the exams are no-calculator exams.
- **Course Description**
 - A study of the calculus of real valued functions including the following topics--

Limits and Continuity

Computation of Derivatives

Applications of the Derivative

Newton's Method

Extrema

Rolle's Theorem

Mean Value Theorem

Concavity

Horizontal and Vertical Asymptotes

Related Rates

Integration

Area

Definite Integral

Fundamental Theorem of Calculus

Change of Variables

Numerical Integration

Applications of the Definite Integral

Areas and Volumes

Calculus of Exponential and Logarithmic Functions

CALCULUS I--P. Staley Spring 2013

Calculus of Trigonometric Functions Introduction to Differential Equations

- **Attendance Policy**
 - Students are expected to attend all lectures. If a student misses excessive class time, he/she may be dropped. Attendance is taken with a seating chart. All absences are the same, i.e. there are no “excused” absences. A student with four or more tardies may be dropped from the class.
- **Electronic Devices Policy**
 - During lecture and exams please turn off all phones, pagers, music devices, tape recorders, etc.
- **Special Accommodations**
 - Southwestern College recommends that students with disabilities discuss academic accommodations with their professors during the first two weeks of class. An alternate form of this syllabus is available upon request.
- **Homework**
 - There will be homework due for every chapter. Repeated failure to complete homework assignments will be identified as non-performance. The assigned homework problems will be posted on the class website.
 - Homework Assignments by Chapter
- **Grading**
 - Grade Computation
 - Your final grade will be a composite of six chapter tests and a Final Exam. The Final Exam is weighted as two chapter tests. Letter grades of A,B,C,D, or F are assigned to each chapter test and Final Exam. These are incorporated into the final grade based on the weight assignments A=4, B=3, C=2, D=1, and F=0. Excessive F scores (two) will result in a lower class grade regardless of the weighted average score. There will be no make up tests. You should be able to access your current aggregate grade through the class website.
 - Example
 - Assume chapter test grades of B,D,B,C,B,A, and final exam grade of A. Then Class Grade = $(3+1+3+2+3+4+4*2)/8 = 3.0 = B$ (note that for the class grade A is 3.5 to 4.0, B is 2.5 to 3.5, C is 1.5 to 2.5, D is 1. to 1.5, and F is 0 to .99)
- Exam Policies
 - No make-up tests.
 - Knowing the correct answer to an exam question is insufficient—the correct answer must be written on the answer sheet.
 - Exam answers that confuse the grader will be marked wrong.
- Grade Notification
 - The class website, www.staley-classes.org, has the most current grade sheet. The grade sheet is password protected. You can access the grade sheet at any time after the first exam has been scored.

CALCULUS I--P. Staley Spring 2013

- **Class Website www.staley-classes.org**
 - www.staley-classes.org contains relevant information for this class including: homework assignments, current notes to students, information on exams, an updated syllabus, the current grade sheet (password protected), project descriptions, exam practice problems, practice tests, answers to practice tests, and other relevant information. So that you receive website update notifications please send an email message using the “get it” link under the appropriate “Notification” line. This will put you on the email notification list for the class.
- **Behavior Policies**
 - A student may be dropped from the class for excessive absences.
 - Excuses: There are no "excused" absences in this class. All absences are treated equally.
 - If you are going to be absent on an exam day make prior arrangements with the teacher. There are no makeup exams for no-shows on exam day.
 - Students who miss three classes are subject to being dropped.
 - A student may be excluded from the class for disruptive behavior.
 - Please do not leave the classroom during lecture. It disturbs the lecture and is rude.
 - This class adheres to all misconduct policies as stated in the current Southwestern College catalogue. Pages from Catalog2009-2010Updated
 - Cheating
 - Behavior indicative of cheating will be handled by an oral exam.
behavior example
 - The oral exam is an investigation of the rationale for the “behavior indicative of cheating”. oral exam example
 - The outcome of this process will be one of: F grade on the exam, F grade for the semester, student drops the class, or reinstatement of the score.
 - This penalty also applies to any accomplice. So make sure that when you help someone they can defend their work.
- **Tutorial Services**
 - The MESA Center, located in room 396, provides free tutoring for this course.
 - The Academic Success Center in room 420 also offers tutoring for statistics.
 - Not all of the tutors are qualified to tutor for this class. The names of the calculus qualified tutors should be known by the second week of class.
- **Projected Schedule**
 - week 1 --Preliminaries --- week 10 --Chapter 4
 - week 2 --Chapter 1 --- week 11 --Chapter 4
 - week 3 --Chapter 1 --- week 12 --Chapter 4
 - week 4 --Chapter 2 --- week 13 --Chapter 5
 - week 5 --Chapter 2 --- week 14 --Chapter 6
 - week 6 --Chapter 2 --- week 15 --Chapter 6
 - week 7 --Chapter 3 --- week 16 --Catch Up
 - week 8 --Chapter 3 --- week 17 -- Computer Demonstration or Catch Up
 - week 9 --Chapter 3 --- week 18 --Final Exam
- **Final Exam**

CALCULUS I--P. Staley Spring 2013

- The final exam is comprehensive.
- Date/time for the final exam
 - Monday May 20 8:00AM-10:00AM
- **Initial Assignment**
 - Buy the Textbook
 - Visit the Class Website Staley Classes Website
 - Read sections P1, P2, P3, and 1.1
 - Do problems 1-31 and 37-41 on pages 37-38.
 - Sign up for the Notification Email List
 - [subscribe request for Math 250](#)
